expo rail 2019 india

Indian Railways, the 3rd largest rail network in the world, operates 12,000 trains to carry over 23 million passengers per day connecting approximately 8000 stations across India. It runs 7000 freight trains per day carrying 3 million tonnes of freight.

More than 8 billion journeys and more than 1100 million tonnes of freight travel this 66,000 km network every year.

The Indian Railway offers opportunities for:

- **Suburban corridor projects through PPP**
- **High speed train projects**
- **Dedicated freight lines - Port/Mining lines**
- **Rolling stock including train sets and locomotives / coaches manufacturing and maintenance**
- **Railway electrification - manufacturing including power transmission**
- **Signalling systems - Manufacturing and installation of signalling solutions**
- **Development of passenger terminals**

Exporail India 2019 will provide the opportunity to be part of the largest ever modernisation and expansion plans of the Indian Railway. While the exhibition will provide a platform for showcasing the latest technological advancements, new products and innovation.

Exporail India 2019 is organised by Inter Ads Exhibitions, India and Mack Brooks Exhibitions, UK, at the Pragati Maidan Exhibition Centre in New Delhi, offering an excellent opportunity for the rail industries in India.
